

# Choosing your PDP teaching experience

- Courses have “Lead Instructors”
- Short Courses have instructional teams involved teaching a range of activities (lectures, field trips, etc.)
- Inquiry lab activities have “Design Team Leaders”
- The PDP teaching requirement is to work with a Design Team in one of our courses on the inquiry lab activity; however, on a short course instructional team you are usually involved in more
- Finding a good teaching experience for yourself:
  1. The course (content, location, dates, amount of teaching)
  2. The activity (content)
- Today you will hear from the Lead Instructors; at the workshop you learn more about the inquiry lab activities

# Between now & the workshop

- Feel free to contact Lead Instructors
- Email Hilary your first and second choice for a course by Friday, Feb. 9
- Teams will be forming between now and the beginning of the workshop
