

# Are You Interested in Pursuing a Career in Science, Math or Engineering? Check This Out!

Center for Adaptive Optics

## Saturday Open Lab at the University of California, Santa Cruz

January 21, 2006 - 9 AM - 5:30 PM

Leading UC Santa Cruz astronomy graduate students will guide you through a set of hands-on activities, letting you explore some of your own questions about astronomy.

You will also have the opportunity to learn more about exciting research and graduate school at UC Santa Cruz and how you can conduct cutting-edge research in astronomy, vision science or engineering through the 2006 Center for Adaptive Optics Summer Internship Program.

Participants will receive a travel award to cover the cost of their travel, lodging and meals. If you have any questions please email or call Hilary O'Bryan, 831-459-2676, hilary@ucolick.org.

***Please return this application by fax, email or mail by December 2, 2005.***
